SECOND SUBMISSION OF REMARKS AFTER ALLOWANCE

Commissioner for Patents:

In response to the Notice of Allowance dated March 1, 2005, applicant notes that the title on the English translation and substitute specification as filed on March 13, 2002, does not appear on the Notice of Allowance. The full title is as follows:

METHOD OF REACTIVE POWER REGULATION AND APPARATUS
FOR PRODUCING ELECTRICAL ENERGY IN AN ELECTRICAL NETWORK

Applicant respectfully requests that U.S. Patent and Trademark Office records be corrected prior to issuance to reflect the correct title of the application so that the title of the application is printed correctly on the issued patent.

Applicant also notes that the Examiner did not fully acknowledge receipt of the priority documents. This application is a National Stage conversion of PCT/EP00/08745 and the priority documents would have been provided to the U.S. Patent and Trademark Office by the International Bureau. Applicant respectfully requests acknowledgment of receipt of all priority documents.

Applicant filed a Remarks After Allowance requesting correction of the title and acknowledgement of the priority document via US Express Mail on April 7, 2005. A Supplemental Notice of Allowance has not been received to indicate that the requested title correction has been made or to indicate acknowledgement of the priority document. Thus, applicant is submitting this Second Submission of Remarks After Allowance to ensure that the title correction is made and that priority is acknowledged.

Should the Examiner have any questions, please contact Mr. Tarleton by telephone at (206) 622-4900.

Respectfully submitted,
